

Small Business Conference

GOING FROM GOOD TO GREAT

It's been said that the opposite of GREAT is awful, small, insignificant, unimpressive, etc. The truth is, the opposite of GREAT is good! If your business is doing good, there's no incentive or motivation to make it GREAT. This conference provides teaching opportunities to help take your company from good to GREAT.

This is a teaching conference and you'll get the opportunity to hear from representatives of some world class organizations such as KPMG, The Martin Agency, Audacy, Inc., SCORE and others.

Lunch will be provided and the only agenda item during lunch is to network with other business owners.
